If your furnace is making strange noises or not working, it's time to call a technician. Well, at Jack Kiefer Heating & Air, we know that everyone is different, and that's why we use a system that helps us figure out what your home needs. We have a team of professionals who can look at all the information we get from your furnace, combined with what you tell us about your home, to figure out the best possible solution for keeping you warm and cozy. That's why we offer various heating system options, from gas furnaces and electric heat pumps to high-efficiency natural gas heaters and dual fuel systems. Because there's no "one size fits all" approach to home heating, our licensed professionals work closely with you to find your furnace "fit" with realistic financing and options like furnace repair in Neenah. We'll resolve your problem, from routine tune-ups to emergency repairs, as quickly as possible. For more details, call us today!
