

## GREAT RELATIONSHIPS WITH CUSTOMERS | THE EXPERTS OF ROOFING EDINA MN

When it comes to restoring the damage caused by heavy storms and hail to your property in Edina, MN, you'll need a company that has years of experience in preventing leaks, structural damage, rot, and mold. As your trusted storm damage professionals, Viking Contractors, LLC specializes in roof, window, and siding restorations so your property gets back to its original glory and you can return to your daily routines as quickly as possible.

## The Top Storm Restorations Company in Edina, MN

Are you searching for a roofing company near me? At Viking Contractors, LLC, we take pride in being your first call after the storm. We are dedicated to providing high-quality hail damage services in Minnesota, and surrounding areas. We believe that after a storm, you deserve to have your home inspected by professionals who can help ensure that the property damage is repaired correctly and as quickly as possible. Our team of roofing contractors will come to your home, evaluate the damage to your roof, and make recommendations for repairs based on their expertise. When a storm strikes, it's natural to be anxious about what happened and how much it will cost to fix things up again. But knowing that our team has been through storms like this before and knows exactly what's involved in fixing property damage makes us confident that we can get your home back into shape quickly and affordably.
