

Dr. Derek Finger

[Dr. Derek Finger](#) has been helping patients for more than 20 years. He brings a wealth of clinical experience to provide the best possible chiropractor services in Pensacola FL. His experience gives him a keen level of understanding to the common causes of pain, and gives him the insight needed to help bring about the best possible recovery for each of his patients.

A word from Dr. Derek Finger: “My goal is to deliver the most efficient treatment in a cost-effective and timely manor. Patients in my office are more than just “patients” and you will not feel rushed during your appointments.

Additional insight on Dr. Finger – He acquired his chiropractic education from Life Chiropractic College where he earned his degree as a Doctor of Chiropractic Medicine. Once earning his degree, he began his first Pensacola FL chiropractor clinic in 1991. With his strong education, good morals, easy-going personality, husband and father of two, makes him very easy and comfortable to work with
